

BURTON GREEN PARISH COUNCIL

HEALTH & SAFETY POLICY

Burton Green Parish Council recognises and accepts its responsibility for providing a safe and healthy environment for its members; staff; volunteers; visitors; and for anyone affected by its activities. The Council will do all that is reasonably practicable to ensure effective organisation and planning are established and maintained. The Council will ensure that appropriate and effective audit and review mechanisms are used to inform the work of the Council, which undertakes to commit appropriate resources to manage health and safety.

This statement of general policy is based upon that required by virtue of the Health and Safety at Work etc. Act 1974. Although the Council has a single employee, the principles of the Act and its underpinning Regulations as later published are taken by the Council as a minimum requirement for the safe and effective management of the Council and its activities.

The aim of this policy is:

- to consult with our staff on matters affecting their health and safety;
- to provide and maintain safe equipment;
- to provide sufficient information, instruction, and supervision of staff, volunteers and visitors as far as is reasonably practicable;
- to prevent accidents and activity-related ill health as far as is reasonably practicable;
- to maintain safe and healthy conditions for conducting the Council's business and the public facilities it provides; and
- to review and revise this Policy as necessary at regular intervals, but at least annually.
